To: City Council
From: John Betten, Chief of Police
Walter Denton, City Administrator

Date: **April 21, 2008**

Subject: Ordinance to update Chapter 78, Schedule 2, Limited Parking Zones, Two (2) hour parking W. Fifth at Cherry Street

List of committees that have reviewed: Public Safety

Background: The absence of parking regulation in the area has caused conflict for the business located at 120 W. Fifth as some neighborhood residents park adjacent to the business for extended periods, making it difficult for clients to access the building. The recommendation is for a two (2) hour time parking for those portions of the roadway directly adjacent to the building at 120 W. Fifth St.

Legal Considerations, if any: The ordinance is necessary to eliminate the conflict.

Budget Impact: None

Staff recommendation: Approval
