

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: June 21, 2004
Subject: 808 Monterey Culvert Replacement

List of committees that have reviewed: Public Works Committee

Background: The storm sewer pipe that runs adjacent to this property is in need of replacement. The quote for the work from Rite Way was secured several months ago but the work has been delayed due while easements were secured. The easements are currently in place and the work is ready to begin.

Legal Considerations, if any:

Budget Impact: Proposition S.

Staff recommendation: Recommend approval of work by Rite Way Excavating in the amount of \$7,740.00.
