

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: December 20, 2004
Subject: Resolution – Fairwood Hills Lift Station
Bid Opening Results and Recommendation

List of committees that have reviewed: None

Background: A history of sanitary sewer back-ups exists for four (4) residents living on Bossler Lane. City staff and HMG, Inc. analyzed the situation and determined that upgrading the existing sanitary sewer force main will eliminate the potential for future back-ups along this section of the sewer main.

On December 9, 2004, a bid opening was held for the subject project. Five bids were received with the low bid being submitted by Korte & Luitjohan Contractors, Inc. The low bid met all requirements.

Legal Considerations, if any: This agreement carries normal legal considerations for awarding a contract for construction services.

Budget Impact: Money has been allocated for this work in the FY2005 budget.

Staff recommendation: Staff recommends execution of the resolution to award to the low bidder Korte & Luitjohan Contractors, Inc. in the amount of \$19,650.80 for the subject project.
