

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: March 7, 2005
Subject: RESOLUTION – Motor Fuel Tax (MFT) Maintenance of Streets and Highways by Municipality

List of committees that have reviewed: Public Works Committee

Background: IDOT requires the Council pass a resolution in support of the use of MFT for maintenance of streets and highways by a municipality itemized in the attached IDOT form. The CY2005 resolution is very similar to the one passed by the Council last year at this time. It allows use of MFT funds by in-house personnel for the maintenance of city streets.

Legal Considerations, if any: None

Budget Impact: The \$190,530 cost will be funded from O'Fallon MFT funds and is covered by the FY2005 and FY2006 budgets to support the IDOT CY2005 program that spans the timeframes of the two O'Fallon budget years.

Staff recommendation: Staff recommends execution of the RESOLUTION.
