

## CITY COUNCIL AGENDA ITEMS

**To:** Mayor Graham and City Council  
**From:** Dennis Sullivan, Director of Engineering & Public Works  
Walter Denton, City Administrator  
**Date:** June 6, 2005  
**Subject:** RESOLUTION – IDOT Jurisdictional Transfer, W. Highway 50 Frontage Road

**List of committees that have reviewed:** Public Works Committee.

**Background:** The section of road that now is in front of John Schmitt's Car Wash was little more than a single lane road. During the construction of the car wash, the City asked for approval to have the developer improve the road to City standards. The developer did improve the road based on negotiations with IDOT and the City. Under the Jurisdictional Transfer agreement, IDOT agrees to pay the City \$46,000 for the improvements and future maintenance. This was the sum negotiated and recommended by the Public Works Committee at the time of the negotiations.

**Legal Considerations, if any:** None

**Budget Impact:** The cost of future maintenance of the road segment will become part of the future City budgets.

**Staff recommendation:** Staff recommends passage of the RESOLUTION.
