

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: November 21, 2005
Subject: RESOLUTION – Agreement with IDOT for the State Street Road Project.

List of committees that have reviewed: None

Background: The City of O'Fallon will be repairing and overlaying State Street from east of Obernuefemann Road to Carson Drive in 2006 using in part funding from a successful Surface Transportation Program (STP) grant application overseen by the State of Illinois Department of Transportation. The entire length of the project is approximately 1.6 miles.

Legal Considerations, if any: Normal concerns when engaging in construction.

Budget Impact: The total cost of the project is estimated to be \$338,119 (\$212,339 in federal funds administered by IDOT and \$125,780 from O'Fallon MFT funding). The O'Fallon amount was anticipated in the current approved budget.

Staff recommendation: Staff recommends executing agreement with IDOT for accomplishment of the State Street work.
