

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works and Walter Denton, City Administrator
Date: December 5, 2005
Subject: RESOLUTION - Gateway Geospatial, LLC Professional Service Sewer System Mapping – Trunk Line (North and South)

List of committees that have reviewed: This item was reviewed by the Public Works Committee on November 28, 2005.

Background: This project is intended to provide GPS locates and geospatially depict O'Fallon's north and south sewer trunk lines. This will involve obtaining GPS locates on trunk line manhole covers and mapping these along with the trunk main through O'Fallon and terminating at the WWTP. A visual depiction of the scope of work is provided in the adjacent image. Gateway Geospatial has already assisted the City with mapping of portions of the sanitary sewer system, collection of water meter, valve and hydrant locations as well as by providing ongoing staff support through our GIS Specialist.

Legal Considerations, if any: Normal contractual legal obligations.

Budget Impact: The total cost of this project is expected to be \$5,760.

Staff recommendation: Staff recommends authorizing this project with Gateway Geospatial for \$5,760.
