

## CITY COUNCIL AGENDA ITEMS

**To:** Mayor Graham and City Council  
**From:** Dennis Sullivan, Director of Engineering & Public Works  
Walter Denton, City Administrator  
**Date:** December 5, 2005  
**Subject:** RESOLUTION - Continuing Professional Services Agreement,  
Gonzalez Companies

**List of committees that have reviewed:** Public Works

**Background:** Patrick Judge who has been a contract employee to the City of O'Fallon has become a principal in the Gonzalez Companies and as such will not be able to dedicate the time to the City that he has in past months. However, he is still very involved in on-going and planned projects. This agreement will allow the City to access Pat's services for the myriad of projects that he is currently involved in, and he can be used to mentor the young professionals that the City will be hiring in the future to replace him on an everyday basis. Additionally, Pat will be working with other professionals at Gonzalez that the City can call upon for their expertise.

**Legal Considerations, if any:** None.

**Budget Impact:** None.

**Staff recommendation:** Staff recommends approval of the Gonzalez Companies general provisions for contracting with the City of O'Fallon. Related letter agreements or assigned tasks would be brought to Committee and Council for approval as per the City of O'Fallon Purchasing Manual.
