

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: February 6, 2006
Subject: MOTION – Decorative Street Light Repair on Lincoln

List of committees that have reviewed: None

Background: The decorative or period street light adjacent to the old Clark Gas Station on N. Lincoln was damaged by an unknown motorist. Wissehr Electric, the installer of the light, was contacted as they have the manufacturer data for the special order item.

Legal Considerations, if any: Normal concerns when sole source contracting for repair services.

Budget Impact: The \$6,960 quoted for the repair/replacement will come out of the Street Division' General Fund account.

Staff recommendation: Staff recommends approving the repair at a cost of \$6,960.
