

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: April 3, 2006
Subject: ORDINANCE – Closure of Jaclyn Drive

List of committees that have reviewed: Public Works

Background: The road is an unimproved path that services one parcel of land. Currently trucks are using the road access a parcel of land that is to be served by an improved road north of Jaclyn. The trucks are a nuisance to a nearby residential area.

Legal Considerations, if any: The owner of the single parcel at the end of Jaclyn will be given a key to gain access as required.

Budget Impact: An allowance for miscellaneous traffic control is included in the yearly Public Works budget.

Staff recommendation: Staff recommends passage of the ordinance.
