

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: May 1, 2006
Subject: MOTION – Wastewater Treatment Plant (WWTP) Pump Repair

List of committees that have reviewed: Public Works

Background: Pump No. 3 at the WWTP's Terminal Lift Station was pulled for inspection. When evaluated in the field, it was beyond in-house repair. Rexell of Alton, IL was asked to take the pump to its shop for further evaluation. They have provided us with a quote for disassembly and rebuild of the pump in the amount of \$17,100 for labor and materials.

Legal Considerations, if any: Normal concerns when sole source contracting for emergency repair services.

Budget Impact: The repair cost will come out of the Wastewater FY07 budget.

Staff recommendation: Staff recommends approving the repair at a cost of \$17,100.
