

## CITY COUNCIL AGENDA ITEMS

**To:** Mayor Graham and City Council  
**From:** Dennis Sullivan, Director of Engineering & Public Works  
Walter Denton, City Administrator  
**Date:** June 19, 2006  
**Subject:** ORDINANCE – Stop Signs – Keck Ridge

**List of committees that have reviewed:** Public Safety Committee.

**Background:** With the construction of the subdivision proceeding at a rapid pace, stops on non-through streets need to be erected. This amendment to the stop sign ordinance will authorize installation and enforcement.

**Legal Considerations, if any:** None, traffic control per accepted standards.

**Budget Impact:** An allowance for miscellaneous signage is included in the yearly Public Works budget. This subdivision development was approved prior to new subdivision control ordinance; so, procurement and erection of the traffic control signage is the City's responsibility.

**Staff recommendation:** Staff recommends passage of the ordinance amending the schedule for stop signs at intersections within O'Fallon.
