

CITY COUNCIL AGENDA ITEM

To: Mayor Graham and City Council

Thru: Ted Shekell, Planning Director
Walter Denton, City Administrator

Date: June 28, 2006

Subject: **MOTION** out of Community Development Committee to approve extension of a special event permit for Main Street Downtown "Swap Meet"

List of Committees that have reviewed: The Community Development Committee reviewed extension of the swap meet at its meeting on June 26, with the consensus being to approve the event's extension.

Background: Jennifer Rock has requested, on behalf of Main Street, that the event approval be extended to the 2nd and 4th Saturdays from July-October. The event would be located at the Vine Street parking lot for these future events. They have determined that there is no need at this time for using the VFW Hall for vendors. There have been no problems noted or complaints received regarding the two trials events held in June.

Legal Considerations, if any: None

Budget Impact: None. It is unlikely the City will receive any direct revenue through sales.

Staff Recommendation: Approval as requested.
