

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: March 19, 2007
Subject: RESOLUTION – Lincoln Street Reconstruction – Phase 2

List of committees that have reviewed: None.

Background: The proposed improvement includes removal of existing roadway surfaces, concrete curb & gutters, storm sewers, catch basins, driveway pavement aprons, and concrete sidewalk; construction of a bituminous pavement on aggregate subgrade, temporary bituminous pavement on aggregate subgrade, storm sewers, inlets, concrete curb & gutters, driveway pavements (new concrete entrance aprons), concrete sidewalk (including construction of handicap accessible curb ramps), manhole adjustments, seeding; and all appurtenant construction, thereto. The project site is approximately 890 L.F. and is located on North Lincoln Avenue from just short of Jefferson Street to just short of Jackson Street (see attached).

The period of performance for this work will be approximately 60 days beginning June 1, 2007. The majority of the work is expected to be completed when schools are not in session to minimize disruption of traffic during peak periods. This section of road will be closed to through traffic with access to the residents only as required.

Legal Considerations, if any: Normal contract execution concerns.

Budget Impact: This item is included in the City's FY08 Proposition S budget (\$320,743.60).

Staff recommendation: Staff recommends contracting with Hank's Excavating for the reconstruction of Lincoln Street, Phase 2 in an amount based on unit prices for a total of \$320,743.60.
