

CITY COUNCIL AGENDA ITEMS

To: Mayor and City Council
From: Walter Denton, City Administrator
Dennis Sullivan, Director of Engineering & Public Works
Date: October 1, 2007
Subject: RESOLUTION - 500,000 Gallon Ground Storage Tank Painting

List of committees that have reviewed: Public Works

Background: Staff had the tank inspected earlier this year by a corrosion control expert who recommended painting of the tank inside and out. As a result the contract documents for painting the smaller of the two water tanks located at Public Works Compound were put together. This work was included in the current operating budget. The interior and exterior will be painted. A new City logo will be painted on the exterior of the water tank in the current location of the old logo.

Legal Considerations, if any: None beyond typical construction contract concerns.

Budget Impact: This is a budgeted item in Public Works Water Operations budget

Staff Recommendation: Staff recommends acceptance of low bid submitted by Preferred Tank and Tower, Inc. in the amount of \$60,000.00.
