

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works and
Walter Denton, City Administrator
Date: April 7, 2008
Subject: ORDINANCE – Hearthstone Stop Signs

List of committees that have reviewed: Public Works

Background: With the construction of the subdivision infrastructure complete and homes being built there, stop signs for the streets listed in the ordinance change need to be erected and the existing stop sign ordinance amended to allow enforcement.

Legal Considerations, if any: None, traffic control per accepted standards.

Budget Impact: An allowance for miscellaneous signage is included in the yearly Public Works budget. This subdivision development was approved prior to new subdivision control ordinance; so, procurement and erection of the traffic control signage is the City's responsibility.

Staff recommendation: Staff recommends passage of the ordinance amending the schedule for stop signs at the intersections listed in the ordinance amendment.
