

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: August 4, 2008
Subject: RESOLUTION – Hesse Park Erosion Problem

List of committees that have reviewed: Public Works

Background: This proposal is from Hoelscher Engineering to provide a design and the specifications for the needed remediation. Currently, a storm water discharge from the southwest corner of Hesse Park is severely eroding the opposite stream bank and threatening neighboring properties.

Legal Considerations, if any: None, beyond normal consideration when contracting for professional services.

Budget Impact: This will be funded by Prop S funds.

Staff recommendation: Staff recommends approval of the contract with Hoelscher Engineering in the amount of \$17,100.
