

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: February 4, 2008
Subject: RESOLUTION – West Highway 50 Improvements Design Proposal

List of committees that have reviewed: Public Works

Background: The Illinois Department of Transportation (IDOT) requires the local authority (City of O'Fallon in this case) to provide them a supporting resolution for each project funded by Motor Fuel Tax (MFT) in addition to agreements with private consulting firms for the design of any project. This project has also been referred to as the Hwy 50 Continuous Right Turn Lane from Sam's Club to Auto Mall Court; however, there are also improvements to the south intersection legs of Dean, Long and Auto Court.

Legal Considerations, if any: Normal concerns when executing consulting agreements.

Budget Impact: Local MFT has been reserved for the design of this project.

Staff recommendation: Staff recommends executing the IDOT agreement for \$141,100.
