

## CITY COUNCIL AGENDA ITEMS

**To:** Mayor Graham and City Council  
**From:** Dennis Sullivan, Director of Engineering & Public Works  
Walter Denton, City Administrator  
**Date:** February 4, 2008  
**Subject:** RESOLUTION – Porter/Simmons Roundabout Design Proposal

**List of committees that have reviewed:** Public Works

**Background:** The Illinois Department of Transportation (IDOT) requires the local authority (City of O'Fallon in this case) to provide them a supporting resolution for each project funded by Motor Fuel Tax (MFT) funding. That agreement can be used to support the contracting of design services too. This agreement supports the design of the subject roundabout which will be a 3-legged intersection larger than the current State and Obernuefemann roundabout due to the additional truck movements anticipated.

**Legal Considerations, if any:** Normal concerns when executing consulting contract agreements.

**Budget Impact:** Local MFT funding has been reserved for the professional services.

**Staff recommendation:** Staff recommends executing the IDOT form agreement for \$54,105.
