

## CITY COUNCIL AGENDA ITEMS

**To:** Mayor Graham and City Council  
**From:** Dennis Sullivan, Director of Engineering & Public Works  
Walter Denton, City Administrator  
**Date:** March 2, 2009  
**Subject:** RESOLUTION – Motor Fuel Tax (MFT) Maintenance of Streets and Highways by Municipality

**List of committees that have reviewed:** Public Works

**Background:** IDOT requires the Council pass a resolution in support of the use of MFT for maintenance of streets and highways by a municipality itemized in the attached IDOT form. The CY2009 resolution is very similar to the one passed by the Council last year in March as well as in past years. It allows use of MFT funds by in-house personnel for the maintenance of City streets.

**Legal Considerations, if any:** None.

**Budget Impact:** The \$125,000 cost will be funded from O'Fallon MFT funds as covered by the FY2009 budget adopted by the Council and the FY2010 MFT budget as proposed.

**Staff recommendation:** Staff recommends execution of the RESOLUTION.
