Subject: Riser Repair
Replace Expansion Joint
Original CBI Contract No. 73-5077

Mr. Dohack,

Thank you for your inquiry regarding pricing for the repairs to the above referenced Elevated Tank.

PROPOSAL AND SCOPE OF WORK

CB&I Constructors propose to furnish material and construction necessary to:

- Repair 12" Riser Pipe.
- Replace 12" Expansion Joint in base of tank.
- Re-use insulation on a best effort basis.

CLARIFICATION

This proposal is made with the following assumptions:

1. All work shall be performed according to current applicable codes to this type of structure.
2. Our proposal does not include any provisions for atmospheric controls, lead or asbestos abatement, gas freeing or other remediation. Costs incurred by CB&I Constructors as a result of unacceptable working conditions will be for the Purchaser's account.
3. Our proposal includes the replacement of insulation on a best effort basis and will include a power tool clean and one coat of epoxy primer.
4. It will be necessary that the tank be drained for the duration of the work and cleaned prior to our crew arriving on site. This includes any residue/water at base of tank that would prevent welding at the riser/bowl junction. CBI can provide this service for \$250/hr for a two man crew and tools.
5. Customer shall supply safe access to all internal surfaces under question.

SCHEDULE

We will schedule the work at a mutually agreeable time.

PRICING

CB&I will perform the above work for a fixed price of \$17,200, which does not include added time for clearing sediment to work on the riser pipe.

CONTRACTUAL CONDITIONS

CB&I Constructors' General Contractual Conditions (NAC 115, Rev 2-07) are hereby made part of this proposal.

This proposal is valid for 15 days. If you wish for us to perform this work, please have the appropriate individual sign the last page of this letter and return a copy to me.

The terms of payment shall be net cash 30 days after completion of the work.

Thank you for the opportunity to quote this work. If you should have any questions or require additional information about this proposal, please do not hesitate to call.

Sincerely,

James (Jae) Eismann, P.E.
CB&I Constructors

Enclosure

Cc: JAE

Please have the appropriate representative sign below and return a copy of this page to CB&I Constructors signifying acceptance of this proposal including NAC 115.
