

CITY COUNCIL AGENDA ITEM

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: January 19, 2009
Subject: RESOLUTION – North Seven Hills Road & State Street/Vincennes Road Roundabout Design Proposal

List of committees that have reviewed: None

Background: The Illinois Department of Transportation (IDOT) requires the local authority (City of O'Fallon in this case) to provide them a supporting resolution for each project funded by Motor Fuel Tax (MFT) funding. That agreement can be used to support the contracting of design services too. This agreement supports the design of the subject roundabout. It will be a larger roundabout than the current State and Obernuefemann roundabout due to the additional truck movements anticipated there.

Legal Considerations, if any: None beyond that for obtaining consulting services.

Budget Impact: Funding for this effort will come from MFT and a portion of it will be reimbursed by the Congestion Mitigation and Air Quality Program.

Staff recommendation: Staff recommends executing the IDOT form agreement for an amount not to exceed \$101,500.00.
