

CITY COUNCIL AGENDA ITEM

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Engineering & Public Works
Walter Denton, City Administrator
Date: March 1, 2010
Subject: RESOLUTION – Behrens Street Sanitary Sewer Improvement Project

List of committees that have reviewed: None; however, the O'Fallon Township Road Commissioner has reviewed, and concurs with the staff recommendation below.

Background: O'Fallon Township and the City of O'Fallon applied for Community Development Block Grants to provide sanitary sewer service to the Behrens Street Area, and were successful in obtaining grant funding. The City of O'Fallon participatory share is to provide taps to our sewer system at no cost to those interested in obtaining sanitary service there. An accounting of the bid is contained in the letter from Gonzalez Companies that is attached.

Legal Considerations, if any: None beyond that for obtaining construction services.

Budget Impact: None. The St. Clair County Intergovernmental Development Office has funding available for this project, and will process any payments to contractors.

Staff recommendation: Staff recommends execution of the RESOLUTION to support the awarding of the construction contract to the lowest qualified bidder, LW Contractors, for \$131,531.
