

CITY COUNCIL AGENDA ITEMS

To: Mayor Graham and City Council
From: Dennis Sullivan, Director of Public Works
Walter Denton, City Administrator
Date: May 3, 2010
Subject: RESOLUTION – Old Collinsville Road Reconstruction Staking and Inspection Assistance

List of committees that have reviewed: Public Works

Background: This proposal is for Rhutasel and Associates to provide the necessary construction staking and field inspection services as required by IDOT and FHWA. Dependent upon City personnel availability, phasing of the project, progress made on the individual phases, the number of stakes obliterated in the re-construction of the roadway and the need to inspect and test materials used in the re-construction; quantifying the scope and in-turn the cost of providing these services is difficult. The estimate for this service was based off the similar work that Rhutasel did for the City in the reconstruction of Oberneufemann Road.

Legal Considerations, if any: None, beyond normal consideration when contracting for professional services.

Budget Impact: Funding for the professional assistance will be from MFT funds reserved for engineering effort in the FY2011 operating budget.

Staff recommendation: Staff recommends approval of the contract with Rhutasel and Associates in an amount not to exceed \$80,000.
