

Old Collinsville Road Reconstruction

Milburn School Road

Old Collinsville Road Reconstruction - Programmed for reconstruction in the summer of 2008, this project may have to wait until the summer of 2009 due to difficulties encountered in the coordination with the railroad over the crossing of the tracks near I-64. The section is just over 1-mile long. The new section will be three lanes wide (center turn lane) with curbing, stormwater improvements and sidewalks. This project is jointly funded by Fairview Heights and O'Fallon.
