

## CITY COUNCIL MEMORANDUM

**To: Mayor and City Council**  
**From: Walter Denton, City Administrator**  
**Date: December 9, 2005**  
**Subject: FY2006 Second Quarter Report**

This report contains updates on projects and operations from each department for the fourth quarter of our fiscal year from August 1 – October 31. The primary focus this quarter was the end of the summer construction season.

This quarterly report features the new list of City Council goals from the November 6 City Council Retreat. The goals will serve as guidelines for staff as we provide City services. Each quarter, we will provide status updates on how well we are implementing the goals.

There are two primary purposes for the Quarterly Report:

1. Our ongoing effort to keep the City Council informed about how its laws and policies are being implemented throughout the organization. A group makes better decisions when they are informed and are comfortable with the issues. These reports contain summaries of department activities that should provide some insight into the day-to-day operations of the City.
2. To provide a management tool with which the Management Team can identify trends and make decisions on operations, budgeting, and staffing levels. Departments collect data on all kinds of things. Our goal with this Quarterly Report is to integrate this data into a format where we can track and compare activities between previous quarters and years. We did not want to create more busywork for the staff but to identify critical activities within the organization and try to measure them empirically. This way we can measure our performance and make necessary adjustments according to factual analysis.

As always, please contact me if you have any questions or suggestions.

At the end of the first quarter revenue and expense are less than 1% apart. We have expensed some big ticket items (cars, front end loader, dump trucks) and we have a large property tax check and the Christmas sales tax to cover the revenue difference if we continue to spend less at our current level less the big ticket items.

## Budget

We are now in the process of preparing the 2007 annual budget. The budget workbooks will be out to the department heads in early December and the first meetings will begin in January.

**Special Census**

The special census is now complete and the preliminary findings look good. We have been informed that the population is 25,647. This is an increase of 3,737 people since the last census in 2000. We expect to get formal notification from the Secretary of State in April, 2006.

# **O'Fallon Fire Department 2005-2006**

## **2<sup>nd</sup> Quarter Highlights**

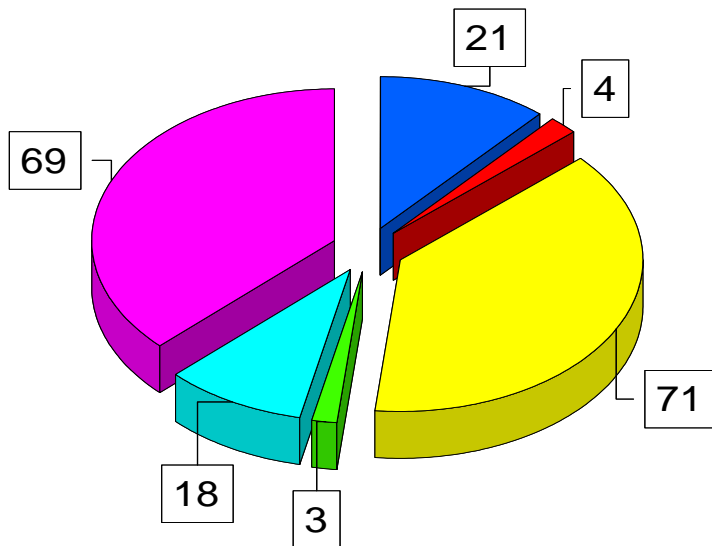

- Annual Fire Prevention Week activities were stretched over 2 weeks this year in an effort to reduce the requirements on the members of the FD. All O'Fallon educational facilities were visited the first week and the Fire Station Open House was held the following week. There were several hundred visitors to the Fire Station#2 during Open House activities. OFD firefighters were warmly welcomed by students and faculty across the district while carrying the fire safety message.
- OFD volunteers donated more than 1100 hours to 62 community education and fire prevention efforts during the quarter. This is in addition to regularly scheduled training and emergency responses. On October 31, four different events were attended by OFD personnel.
- More than a dozen fire department volunteers, assisted by members of the O'Fallon Fire Explorer Post manned the O'Fallon Public Safety Halloween Safe stop and Costume Contest at Fire Station #1. This annual event drew a constant stream of visitors providing a safe haven for Trick or Treaters. Asst Chief Schmidt took on the task of managing the Halloween Costume contest this year.
- OFD leaders are actively involved in the updating of the city's Emergency Operations Plan. All Fire Department assets are in the process of being input to the city's developing data base.

- OFD Truck Committee finalized the design for the new Heavy Rescue and Support vehicle. Specifications were published and meetings held with all prospective bidders. As the quarter ended the committee was in the process of recommending a vendor to the public safety committee.
- Fire Lt Claxton continues to be an important part of the public safety communications team. He has spent countless hours ensuring the FD operations are supported by the new public safety facility.
- Exterior of Fire Station #2 was painted.
- The department responded to 186 calls this quarter: 99 in August, 38 in September, 49 in October. Chart is attached.

## LIBRARY QUARTERLY REPORT

- Circulation totals: 63,131 items
- Patron visits: 27,221
- New library cards: 527 (resident and non-resident paid cards)
- Equipment use: (typewriter, microfilm, word processing) : 451 Internet use: 3,145  
online database use: 251 community meetings held in Library: 145

### In Other News:

- Towers on east and west end of building were painted.
- Anne Glasscock was panel speaker for library system presentation : Summer School for School Librarians. Discussion of relationship between public and school libraries and how to better serve the mutual customers of parents, teachers and students.
- Children's programming began in early September; this consists of two story hours and Music Makers. Further information on times and dates for these pre-schooler programs is available at the Library.

### Donations:

Youth Services department received a WalMart Literacy Grant of \$2,000; the department also received a donation from the O'Fallon Woman's Club of \$4,658.00 The Friends of the Library donated \$3,500 from the proceeds of their annual book sale held in October.

### Technology News:

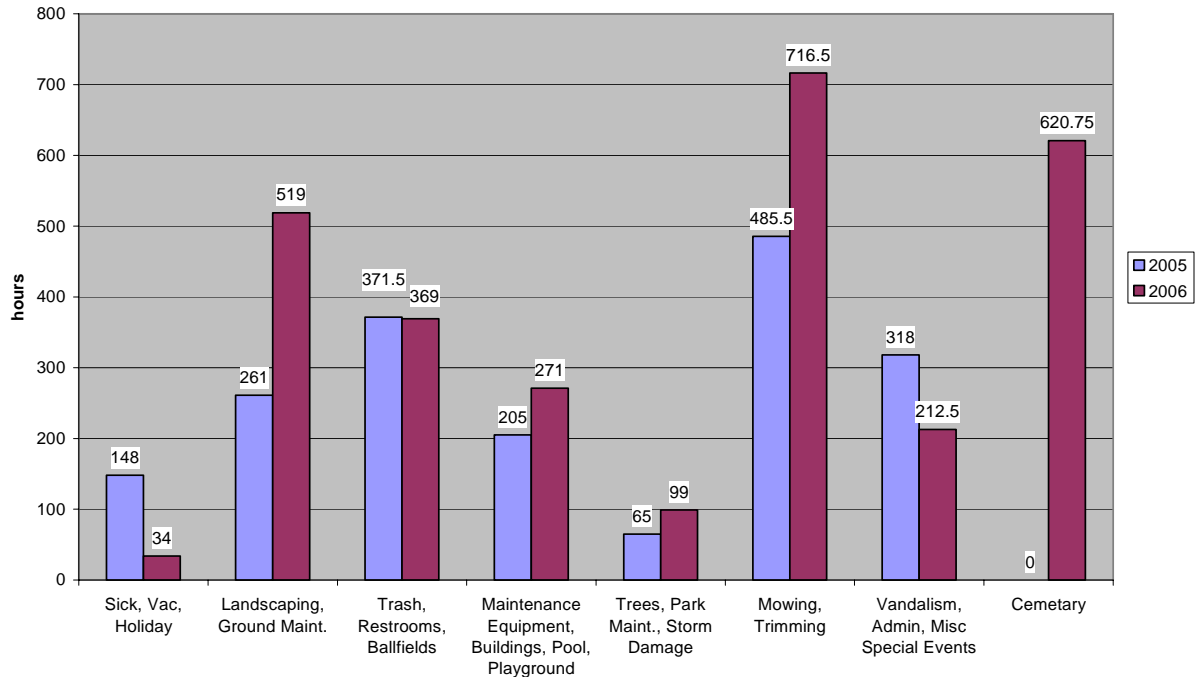

Three new pc's were installed for word processing. This upgrade allows patrons to use datasticks.

We hope to go wireless this fiscal year. SBC turned down our grant application which would have paid for this upgrade, but we will probably use Friends' donation to proceed on the project.

Mary Smith & Jamie Doil presented a program for the Rotary Club on the expanded NonProfit Center. Donations from the Rotary Club funded this collection several years ago; a grant from the Kellogg Foundation allowed our Library and four others to grow this collection in materials and to create an online data base of Southern Illinois Nonprofits and to provide a connection through our web site to other web sites of use to nonprofits of all types.

# O'FALLON PARKS & RECREATION QUARTER 2 FY06 HIGHLIGHTS REPORT

- O'Fallon Parks and Recreation Club Soccer Program

➤ **Recreation**

- Mighty Ball soccer registration increased from 108 children in fall 2004 and spring 2005 sessions to 149 participants in fall 2005.
- Started a Mighty Ball Flag Football for 5-8 year olds. We registered 41 children for the first session.

- The Department added a third movie to our Movies in the Park series. The average attendance was 350 per movie.
  - Implemented and expanded the School Basketball Program to have two sessions: fall and winter. We have boys' traveling teams in grades 4<sup>th</sup>, 5<sup>th</sup>, and 6<sup>th</sup>.
  - Fall Shiloh Soccer program was completed. Staff has regular meetings with the Shiloh Trustees and staff.
  - O'Fallon and Shiloh are scheduling for 2006 Baseball and Softball season. Registration will begin with the Winter/Spring Brochure. Our joint program will offer baseball and softball for ages 3 and up.
  - Started prep work on Fall 2006 Select Soccer League.
  - Parks & Recreation will have E-Connect (internet registration) fully operational by Spring 2006.
  - Winter 2006 will kick-off the Rotary Nature Center programming and rentals. We have one wedding scheduled for January 2006. The numerators have been utilizing the Nature Center for the Census.
  - O'Fallon Boosters reimbursed Parks, Public Works, and Public Safety \$7,200 of \$15,000 Mayfest expenses.

DEPARTMENT OF PUBLIC SAFETY  
SECOND QUARTER REPORT  
F.Y. 2006

- ◆ During the quarter, the Police Department received a grant (approximately \$50,000) from the Illinois Terrorism Task Force for 7 additional Mobile Data Computers and docking stations for the marked squad cars. That brings the total number of MDCs in our fleet to 10 (all were obtained by grant) and will allow for a computer in every on-duty patrol vehicle. Currently, the computers allow officers access to all of the state databases, including vehicle, driver and criminal history information. Our plan over the next 6 to 24 months is to make a wireless connection to our internal dispatch and records data in an effort to improve upon the efficiency of our dispatch and reporting process. These improvements will also be shared by EMS and the Fire Department as well. Eventually, the emergency telecommunicators will be able to communicate with officers, medics and firefighters in the field through the computer system and that process will provide enhanced public and officer safety. This project is a part of the City's current study of its wireless needs across the board. Virtually every department has some current or future need for increased wireless technology and we are working to reduce any redundant efforts.
  
- ◆ Beginning in August, all City Departments began working with a wide variety of state, county and local agencies to update our Emergency Operations Plan through the Community Preparedness Planning Process (CPPP). This program, which is being facilitated by the Regional Institute for Community Policing works to bring all of our local resources together in the development of an emergency plan that works in concert with our partners at the county and state level. In addition to updating our resource and contact list, the new plan will be compliant with the National Incident Management System, a requirement of the Department of Homeland Security. Response to the process has been excellent with members of the local business community, school districts, the Red Cross and government agencies participating. In addition to improving upon our emergency plan, we have invited key members of the Twin Cities Relief group from O'Fallon to participate in this process in the hopes that we might form the nucleus of a citizen response team to help here at home should the need arise. Some very talented and energetic citizens have stepped forward and the possibilities are promising.
  
- ◆ In September, 2005, the City signed a one year contract with Emergency Communications Network to participate in their CodeRED emergency notification system. This program will allow the city to broadcast 60,000 calls in less than one hour in response to any matters of public safety importance. We are currently working to build the database used to generate the calls. By default, the service uses commercially available data that is reported to be approximately 75% complete. The public information campaign is designed to significantly increase that number.

- ◆ Crime statistics for FY 2006 YTD compare favorably with the numbers for the same period for FY 2005. Overall, we had 26 more Part I offenses this year when compared to last. The increase comes primarily as a result of 21 more burglary cases reported this year. Despite the fact that we experienced our first homicide in more than 4 years during this quarter, violent crime remains very low throughout the community. With the help of the Major Case Squad, the homicide was cleared by arrest in a matter of 48 hours.

**Part I Criminal Offenses YTD**

Year	Murder	Sex Assault	Robbery	Assault Battery	Burglary	Theft	Auto Theft	Arson
FY2005	0	4	6	12	36	270	29	3
FY2006	1	5	8	13	57	274	23	5

- ◆ During the first two quarters of FY 2006 EMS responded to 1,426 calls for service, up from 1,305 during the same period the previous year. The 9% increase is indicative of the trend that we have experienced over the past 4 years. Their workload has steadily increased in the area of 10% annually and there appears to be no end in sight. Despite the increase, we are still able to handle more than 95% of our calls for service without the need for mutual aid from other area service providers.
- ◆ In August, the Department of Emergency Medical Services received approval from the Illinois Department of Public Health to begin using the *Auto Pulse* system. We were the first service in the area to have access to the system that is used to deliver chest compressions to patients in need of CPR, freeing the attending paramedic attend to other needs. In clinical trials, the system, when used in conjunction with an automatic ventilation system that we have been using for more than a year, delivers up to 85% better circulation than manual CPR. Our paramedics are excited about this acquisition and we believe that it will be an important life saving tool.
