11.3. Payment of Final Invoice. City of O'Fallon shall pay the Contract Sum to Contractor within thirty (30) days after City of O'Fallon's receipt of the final invoice and after all inspections have been completed and approved by the City of O'Fallon.

11.4. Withholding Payments. Payments may be withheld by City of O'Fallon for any of the following reasons:

A. Contractor fails to correct defective or non-conforming Work;

B. Claims or liens have been filed or threatened;

- C. Contractor has failed to make timely and adequate payments to Subcontractors or others;
- D. Contractor has failed to carry out the Work in accordance with this Contract;
- E. Any cost or expense incurred by City of O’Fallon to cancel or discharge one or more liens as provided in Section 12;
- F. All damages City of O’Fallon has suffered under this Contract as provided for in Section 17.6; and
- G. The amount, if any, by which the costs incurred by City of O’Fallon to complete the Work exceed the balance of the Contract Sum at the time of termination, and any other losses incurred as a result of Contractor’s default, as provided for in Section 17.9.

Section 12. No Liens.

Contractor shall pay all debts, dues and demands incurred in the performance of its Work to ensure that no liens are brought against the City of O’Fallon for Contractor’s nonpayment. Contractor must have a lien waiver signed by all laborers, material suppliers and subcontractors before the final payment for work will be made.

Section 14. Indemnification.

The Contractor shall, to the fullest extent permitted by law, indemnify and defend the City of O’Fallon and all of the other Indemnitees and save them harmless from and against any and all claims, damages, losses, liabilities, suits, judgments, actions, and all expenses (including attorney’s fees and disbursements in the event Contractor fails to defend as required hereunder) arising out of or claimed to have arisen out of or resulting from any negligent or wrongful act, error, or omission or breach of contract or infringement of any patent right by the Contractor or any of its subcontractors or suppliers of any tier in connection with the performance of the Work hereunder, and such indemnity shall apply regardless of the active or passive negligence or wrong doing of any Indemnitee and will not be released or excused by reason of any approval by any Indemnitee of any method of performing the Work or any other approval. The foregoing indemnity shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any indemnitee hereunder. The foregoing indemnity shall include but is not limited to bodily injury and death of any employee of the Contractor and shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable under any applicable workers’ compensation, disability benefits, or other similar employee benefits acts.

Section 15. Insurance.

15.1. General and Specifications Exhibit. Attached hereto as Exhibit “D” are specifications for insurance and bonds to be obtained and maintained by Contractor and insurance to be obtained and maintained by Subcontractors. The specifications are in addition to the requirements set out in this Section 15. In the event of any conflict between the specification in Exhibit “D” and the requirements set out in the below sections of this Section 15, the specifications in the Exhibit “D” control and amend and supersede the conflicting requirement set out in the below sections of Section 15. Contractor will maintain certificates and evidence of insurance from all Subcontractors, enumerating, among other information, the waivers of subrogation in favor of and additional insured status of the City of O’Fallon Indemnified Persons, as required by the Contract Documents.

15.3. Contractor’s Liability Insurance. Contractor shall purchase from and maintain in a company or companies lawfully authorized to do business in the State of Illinois such insurance as expressly required

by the insurance requirements in the Contract Documents and as will protect Contractor from any foreseeable and/or unforeseeable claims, and/or liabilities.

15.4. Limits, Occurrence and Claims-Made Basis. The insurance required by this Section 15 and Exhibit "D" shall be written for not less than limits of liability specified in the Contract Documents or required by law, whichever coverage is greater, with the minimum limits being \$1,000,000.00 for bodily injury and property damage, \$200,000.00 Workers compensation for each employee, and \$500,000.00 for each accident. Coverages, whether written on an occurrence or claims-made basis, shall be maintained without interruption from the date of commencement of the Work until the date of final payment and termination of any coverage required to be maintained after final payment, and, with respect to Contractor's completed operations coverage, until the expiration of five (5) years from final completion. Notwithstanding the foregoing, such coverage required hereunder shall not be written on a claims-made basis without the advance express written consent of City of O'Fallon, which consent may be withheld or denied in City of O'Fallon's sole discretion, and if consent is not obtained then the insurance is to be written on an occurrence basis. No deductible or self-insured retention in excess of ten-thousand dollars (\$10,000) is permitted without the prior written approval of City of O'Fallon. No policy may include an endorsement restricting, limiting, or excluding coverage in any manner without the prior written approval of City of O'Fallon.

15.5. Policies and Certificates of Insurance. Certificates of insurance acceptable to City of O'Fallon shall be filed with City of O'Fallon prior to commencement of the Work and thereafter upon renewal or replacement of each required policy of insurance. The insurance policies required by this Section 15 and Exhibit "D" shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days' prior written notice has been given to City of O'Fallon. An additional certificate evidencing continuation of liability coverage, including coverage for completed operations, shall be submitted with Contractor's final invoice and thereafter upon renewal or replacement of such coverage until the expiration of the time required by Section 15.4. Information concerning reduction of coverage on account of revised limits or claims paid under the general aggregate, or both, shall be furnished by Contractor with reasonable promptness. Prior to commencement of Work and thereafter as requested by City of O'Fallon, Contractor shall provide City of O'Fallon with a certified true and correct copy of the insurance of Contractor's and such of the Subcontractors of any tier requested by City of O'Fallon. When any required insurance, due to the attainment of a normal expiration date or renewal date shall expire, Contractor shall supply City of O'Fallon with certificates of insurance and amendatory riders or endorsements that clearly evidence the continuation of all coverage in the same manner, limits of protection, and scope of coverage as was provided by the previous policy. In the event any renewal or replacement policy, for whatever reason obtain or required, is written by a carrier other than that with whom the coverage was previously placed, or the subsequent policy differs in any way from the previous policy, Contractor shall also furnish City of O'Fallon with a certified copy of the renewal or replacement policy unless City of O'Fallon provides Contractor with prior written consent to submit only a Certificate of insurance for any such policy. All renewal and replacement policies shall be in form and substance satisfactory to City of O'Fallon and written by carrier acceptable to City of O'Fallon.

15.6. Endorsements. Contractor shall cause the commercial liability, auto and umbrella liability coverage required by the Contract Documents to include (1) City of O'Fallon and City of O'Fallon's officers and directors as additional insureds for claims caused in whole or in part by Contractor's acts or omissions during Contractor's operations; and (2) City of O'Fallon and City of O'Fallon's officers and directors as additional insured for claims caused in whole or in part by Contractor's acts or omissions during

Contractor's completed operations. All such liability policies carried and maintained by Contractor must be endorsed to be primary to any liability insurance policies carried by the additional insureds with respect to Contractor's operations hereunder. Waivers of subrogation shall be provided in favor of the additional insureds on general, auto, workers compensation/employers, umbrella, pollution and all other liability policies carried and maintained by Contractor.

Section 17. Termination or Suspension.

17.1. Termination for Convenience. City of O'Fallon may terminate this Contract or any portion of the Work at any time, with or without cause, by five (5) days prior written notice to Contractor provided, however, that City of O'Fallon shall compensate Contractor for the verifiable direct cost of all Work properly performed and profit earned prior to Contractor's receipt of notice and all of Contractor's reasonable, verifiable direct costs and expenses incurred in demobilizing following any such termination. Under no circumstances is Contractor entitled to reimbursement for any lost profits, lost opportunity costs, productivity losses, lost efficiencies or any other direct, indirect or consequential damage or cost occasioned by City of O'Fallon's termination for convenience.

17.2. Suspension for Convenience. City of O'Fallon may suspend performance of all or any portion of the Work at any time, with or without cause, by ten (10) days prior written notice to Contractor provided, however, that as Contractor's sole and exclusive remedy with respect thereto, Contractor shall be entitled to a Change Order in accordance with 9.4. During any such suspension, Contractor shall protect and secure the Work in such manner as City of O'Fallon may require at City of O'Fallon's expense, if such suspension is for convenience. Unless City of O'Fallon otherwise directs, Contractor shall, at City of O'Fallon's expense, if such suspension is for convenience, maintain its readiness on or near the Site to proceed with the Work upon City of O'Fallon's further instructions. Contractor shall use its best efforts to use its material, labor and equipment in a manner that will mitigate costs associated with such a suspension. Following a suspension, City of O'Fallon may at any time give Contractor notice to continue with the suspended Work.

17.3. Events of Default. Each of the following circumstances or events shall constitute an "Event of Default" by the party specified at the beginning of each sub-clause below:

G. By Contractor, if Contractor fails to obtain or maintain, in full force and effect, any insurance or permit required to be obtained by Contractor or its Subcontractors pursuant to this Contract and such failure is not cured within seven (7) days after notice thereof.

17.4. Notice of Default. Any notice of default pursuant to Section 17.3 shall be given in accordance with Section 18.1.

17.5. Termination for Default. Upon an Event of Default by a party, the other party may by written notice to the defaulting party, effective immediately or on such other date as the terminating party may specify, terminate this Contract, and (except as expressly limited in this Contract) exercise all other remedies under the Agreement, at law or in equity with respect to such termination and the relevant Event of Default.
